About Us

Jenn

Matt

I am an active person who thrives on movement and creativity. Whether lifting weights, running, or taking on a new fitness challenge, I embrace an active lifestyle with enthusiasm and dedication. My love for the arts matches my passion for health and fitness. As an artist, I find joy in expressing myself through various mediums, creating pieces that reflect my inner world and inspire others.

You can also find me lost in the pages of a good book or experimenting with new recipes in the kitchen. Baking is one of my favorite pastimes, and I love sharing my creations with family and friends, adding a touch of sweetness to their lives.

I love traveling and exploring new destinations, immersing myself in different cultures, and trying out the local cuisine. My adventurous spirit drives me to seek out new experiences and flavors, enriching my life with every journey.

I am excited to share my diverse interests and passions with a child, providing a loving and stimulating environment where they can grow, explore, and thrive.

I am an enthusiastic person who enjoys lifting weights and staying fit. Being a sports buff, I follow various sports, but my heart belongs to the University of Tennessee. Supporting my favorite team is something I cherish, and I love sharing that excitement with others.

Spending quality time with friends and family is incredibly important to me. Whether it's a casual get-together, a festive celebration, or a quiet evening at home, being surrounded by loved ones brings me immense happiness.

As a big foodie, I enjoy experiencing the diverse flavors and culinary delights each destination has to offer. Every trip is an adventure, and I'm always excited to share these experiences with those around me.

My passion for sports teaches the values of teamwork and dedication, while my love for fitness promotes a healthy and active lifestyle. My ability to connect with friends and family shows my deep sense of compassion and understanding, qualities that are essential in a nurturing parent.

Family & Friends

Family and friends are a huge part of our lives, and we are fortunate to have an incredible support system. They are just as excited as we are about welcoming a new member into our family. We believe in creating a nurturing and loving environment where a child can thrive and grow.

Why Adoption

Our path to parenthood has been filled with many unexpected turns. For years, we hoped and dreamed of growing our family through natural means, but we encountered challenges that led us to discover our struggles with fertility. Through numerous treatments, losses, and countless prayers, we faced emotional and physical hurdles that tested our strength and resilience.

Though this journey has been tough, it has also brought us closer together, strengthening our bond and deepening our love for one another. It has made us more determined than ever to become parents and share our lives, love, and dreams with a child who needs a family.

We believe that every step of our journey has led us here, to the beautiful possibility of adoption. Our struggles with fertility have not only taught us patience and perseverance but have also opened our hearts to new ways of building our family. We are ready to provide a loving, supportive, and nurturing home to a child, and we are excited about the wonderful future that awaits us.

Our home is a place where every member, including our furry friends, shares in the love and responsibility of raising a child. We want to offer a safe, supportive, and enriching environment where a child can thrive, feel valued, and know they are cherished every single day.

Choosing adoption means choosing to make a difference in a child's life. It means embracing the joys and challenges of parenthood with open arms and a full heart. We are ready to embark on this beautiful journey and look forward to the incredible adventure of growing our family through adoption.
