about us

HOW WE MET

Caleb and Kristin met in college while they were both working at Chick-fil-A. They started out as friends and then started dating after 6 months of friendship. They dated for a year and were engaged for a year while they were both going to school and working. They went to church together and had fun hanging out with friends and family. Once they got married they traveled around with Chick-fil-A in the Interim program running other restaurants until they could get their own. They eventually got their own mall location and loved it. They had the mall location for 2 and 1/2 years before they applied for a stand alone restaurant in Tennessee. Once they took this restaurant over they started their own family. They have three wonderful children but always felt that adoption would be part of growing their family. They also fostered for a few years. After a tough third pregnancy Kristin and Caleb both knew that the next addition to the family would be through adoption. They are so excited to start this journey.

HOW CALEB THINKS OF KRISTIN

Kristin is an incredible wife and mother. She is the glue that keeps our crazy schedules together and somehow makes it all happen. Kristin is one of the most compassionate and loving people I've ever been around and she has helped me to see that in raising our children with care, patience, and love. She has helped me to grow as a husband and father in ways I could've never imagined, and she is truly my best friend. She is an incredible theater teacher and she is impacting so many young people's lives on a daily basis. I have the upmost respect for who she is and couldn't imagine my life without her.

HOW KRISTIN THINKS OF CALEB

Caleb is such a wonderful man! I've watched him grow since we first started dating from a boyfriend to a fiancé, to a husband and to a wonderful father. Caleb has a great sense of humor and always keeps his family laughing! He is devoted and loving and even though he serves on several boards, is in the rotary club and runs a successful business, he always makes time for us. He is so generous and kind and he challenges me to be a better person. He is my rock and I can tell him everything and I know he will always be a shoulder for me to cry on and will be there with a listening ear and a hand to hold.

Our home and hometown

We love our town! There is a lot to do; a children's museum, bowling alley, history and lots of events and activities. We love that our community is very family centered and very welcoming. Our neighborhood is wonderful! We live on a dead end street so we can ride our bikes and scooters and we have the best neighbors. We have them over for game nights and movie nights and there are a lot of kids to play with in the neighborhood. Our home has five bedrooms, a living room and a family/play room with a big yard to play in that has a swing set. We have a fire pit on the back porch which is great for roasting marshmallows! We love our home and hope to be here forever!

She stayed home with the kids while they were little but now she is working as a theater teacher and director at the same school their children attend.

family traditions

Every year our neighborhood has a hay bale decorating contest. And we love to decorate our hay bales and enjoy them in the fall. And it's always so fun to think of what theme we will do each year!

Date nights
We try to have
date nights once
a week.
And try to take
the kids out as
well on Daddy-
daughter dates
and Mother-son
dates

Every year we gather
for Easter and have
an egg hunt and
lunch. We also get
together each fall to
trick or treat in the
neighborhood.

Every year at
Christmas Caleb
puts out a Christmas
village. And we
gather as a family to
spend time together.
And when it snows
we go sledding in
the neighborhood!
