# A LITTLE ABOUT US

## Favorite thing about my Spouse:

**Paige says:** He is so funny! Always makes me laugh and is so good with kids! They are drawn to him, it's pretty amusing! He is known as 'Cubby' to our nieces, nephews and friends' kids.

**Corbin says:** I love how patient Paige is and how she shows support to her friends around her. And she makes the best cookies!

## Together We Like to:

- Cook dinner
- Watch movies (typically a sci-fi or an 80s movie!)
- Play pickleball with friends
- Go on a hike
- Serve at church together
- Pick on each other, laughing is one of our favorite things!

# THINGS WE LOVE

## Our Families!

One of our favorite things to do with family is going to hockey games together. We love supporting and cheering on our favorite team! We also love spending birthdays together! We typically share a favorite meal or dessert of whoever we're celebrating. Our families are so excited to share these things with the child we adopt!

## Our Values!

Our faith is a big part of our life; we believe Jesus is the Lord and leader of our life. We believe in showing the love of Jesus through serving and being kind to everyone. We value offering community and acceptance to the people around us where they can feel comfort, understanding and unending support!

# HOPE TO TALK WITH YOU!

**Thank you for considering us!**

We are so excited to meet you and share more of our hearts and lives with you! We look forward to getting to know you and the hopes and dreams you have for your child. Thank you for taking the time to get to know us. We are praying for you; know you are already so loved!
