OUR ADOPTION PROFILE

hello

Thank you for taking the time to get to know our family. We can't fully understand how emotional and trying this time may be for you as you make the hardest decision for both you and your baby but, what we do want you to know is that we are here to offer you respect, love, and support no matter where you are at in your journey.

Please know that throughout your pregnancy, we have been and continue to think and pray about you and your baby. We hope that you will be able to find the peace and clarity you need and deserve as you make your decision, and that you find the closure and comfort you need.

Our hope is that you feel true peace in your heart, knowing that by choosing us, you're giving your child a life filled with love, guidance, and unending support. We want you to know that we will do everything in our power to ensure your child is raised to believe that no dream is too big, to never give up, to work hard, to always lend a helping hand, and to treat others the way they would like to be treated. We also want you to know that we will honor your wishes the best way we can. We promise to create a loving, nurturing, and safe home for them to grow into and be the person they are meant to be, knowing they are chosen, cherished, and adored beyond measure.

No matter the decision you make, we hope you know that you are incredibly brave. While you are looking through our book, we hope you feel the warmth and love that you are searching for your baby and please always remember you are never alone in this journey. We will always be here for you just as much as we are here for your child.

Thank you,

Ryan and Meaghan

Our story began when we swiped right. From that moment on the rest is history. Meaghan still thanks her lucky star in heaven for pushing us to go on our first date because 8 years later here we are looking to start a family! We grew closer through many late-night conversations and story sharing. We have been through many lows from the passing of Meaghan's younger brother, family health issues, all the way to infertility that led to the diagnosis of Meaghan having cancer. With all of those lows we have had some amazing highs as well. Meaghan beating cancer, becoming dog parents, celebrating family and friends' weddings, as well as becoming auntie and uncle and godmother and godfather to some pretty incredible kiddos!

Our home

We currently live in a rural area but one day hope to move to the country where we are able to let our children run and explore the beautiful outdoors our world has to offer. We have a large backyard for the kids to explore and play in the rather large sandbox Ryan built on his own. We look forward to the day we can see our own children playing in the sandbox right along with all of the daycare children.
